11 Ton Grader (125HP)

T-REX1110

Stepping up in size and capability, the Revaro T-REX1110 is a robust 11-ton machine equipped with a 110kW Weichai 6PG engine. It features tandem drive for improved traction and stability during heavier earthmoving tasks. The expanded 3658mm blade allows for wider passes, while maintaining the same 300mm cutting depth and full 360° blade rotation
