Mini Back-hoe Loaders (TLB's)

HD50M

The Revaro HD50M Mini TLB is a compact, high-performance machine designed for versatility in construction, agriculture, and landscaping. Ideal for excavation, trenching, loading, and material handling, it delivers exceptional maneuverability and power.

Its rugged build ensures durability, while the user-friendly controls enhance efficiency. Perfect for tight spaces, the HD50M combines reliability, productivity, and ease of operation, making it the ultimate solution for demanding job sites.

Specs

General	
Engine power	49.62HP
Engine make	Yunnei YN25GB
Drive	4WD
Operating weight	2800kg
Tyre size	12-16.5
Loader	
Dumping height	2100mm
Max lifting height	3100mm
Max reach at full height (bucket dumped)	1000mm
Max digging depth	100mm
Rollback at ground	45°
Dump angle	45°
Bucket/loader-arm breakout force	42kN
Payload	1000kg

Loader bucket capacity	0.65m3
Backhoe	
Max digging depth	1600mm
Reach at ground to rearwheel/slew centers	3000mm
Reach at full height to slew center	1450mm
Side reach to center line	2700mm
Max working height / load-over height	2000mm
King post travel	No
Boom Slew Angle	180°
Bucket / dipper tearout force	28N
Excavator bucket capacity	0.05m3
Dimensions	
Overall length (transport / travel mode)	4950mm
Wheel base	1780mm
Rear wheel to slew center	550mm
Min / slew ground clearance	240mm
Height to top of cab / overall height	2550mm
Travel width (rear / front)	1410mm
Bucket width	1680mm
