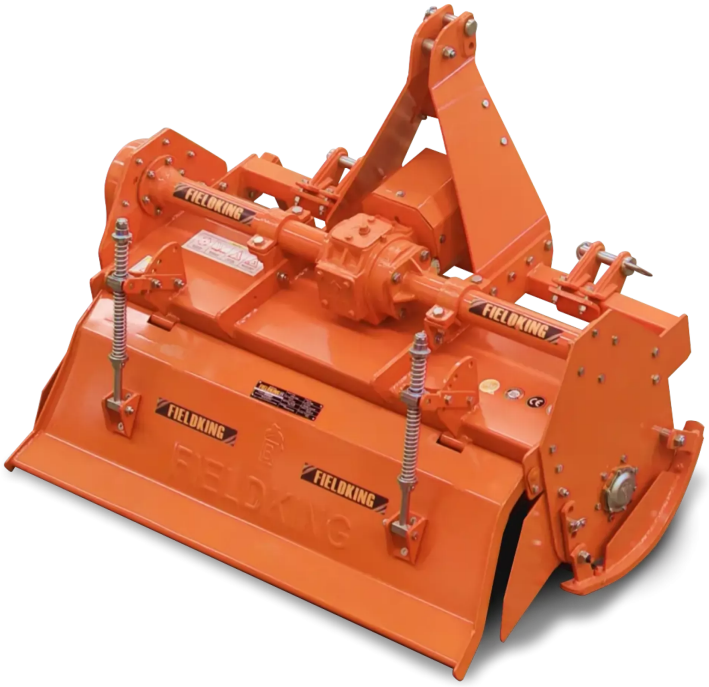
30 / 36 Blade Mini Rotary Tiller

FKRTMSG



- Light weight compact machine for compact tractors 15-30hp.
- It is used for small farms, fruit and vegetables, orchards, gardening and nurseries.
- Suitable for soil conditioning and weed control, seedbed preparation, puddling in small fields.
- It is compatible for mini and lower HP tractor.
- Can loosen & aerate soil 4 to 5 inches deep.
- 6/4 blades per flange available in L & C type blade options
- Helical arrangement of the blades reduces load on the tractor which makes tillage fast and economical
- Heavy duty PTO shaft with shear bolt / slip clutch (optional) for overload protection
- Sealed bearings prevent moisture/mud entry
