2 T Loader

AM20

The Agrimech AM20 loader is a high-performance 2.0-ton machine built fordemanding tasks in agriculture, construction, and industrial settings.
With a 1m³ bucket capacity and a rated load of 2000kg, the AM20 delivers exceptional lifting power and efficiency.

Powered by the Yunnei YN38GBZ engine, producing 76kW, this loader offers outstanding performance while maintaining fuel efficiency.
It boasts a maximum lifting height of 5000mm and a dumping height of 3500mm, making
it perfect for loading, stacking, and transporting materials.

The AM20 features a 4WD drive system and automatic transmission for
smooth, stable operation at speeds of up to 35km/h. Built with a robust
air-over-hydraulic braking system and durable 16/70-20 tyres,
this loader is designed for long-lasting performance and reliability in tough environments. Its sturdy construction and advanced hydraulic system ensure superior performance, while its user-friendly design enhances productivity and ease of operation.

Specs

General Machine Performance	
Operating weight	5600kg
Length	6410mm
Width	2060mm
Height	3020mm
Wheel base	2450mm
Wheel track	1580mm
Total cycle time	9s
Tire size	16/70-20

Max. Travelling Speed	35km/h
Bucket Performance	
Rated Load	2000kg
Standard bucket capacity	1m³
Bucket width	2000mm
Dumping height	3500mm
Dumping reach	1070mm
Max. lifting height	5000mm
Possible Bucket capacity	0.7-1.2m³
Transmission Performance	
Transmission type	Automatic
Control type	Mechanical
Axle	big wheel hub reduction
Engine	
Brand / Model	Yunnei YN38GBZ
Power	76kW/rpm
Rotate speed	2400rpm
No. of cylinders	4
