1 Ton Ride-on Road Roller

T-REX310

The Revaro T-REX310 is a compact 1-ton double drum road roller, designed for efficiency in confined areas and smaller compaction projects. With its hydraulic transmission and electromagnetic clutch vibration control, it delivers smooth, consistent performance on asphalt and granular materials.

Powered by a reliable Honda GX390 petrol engine, this machine combines portability with strength, making it ideal for municipal works, pathways, and small-scale construction sites.
