5T Front-end Loader

T-REX953

Meet the T-REX953, a robust front-end loader engineered for heavy-duty productivity. Boasting a substantial 16,500kg operating weight and a 5,000kg rated load, this machine is buildt to handle demanding material handling tasks with ease. At its core is a highly reliable 162kW WEICHAI engine paired with a smooth automatic transmission and 4WD system, ensuring optimal traction and efficient travel speeds of up 70 38km/h across any job site.

Equipped with a massive 3m³ bucket and an impressive 3,200mm maximum dumping height, the T-REX953 makes light work of loading high-sided trucks and hoppers.

Despite its commanding size, it remains highly maneuverable with a tight 6,900mm turning radius, while air-over hydraulic brakes and heavy-duty tires provide the superior safety and stability your operation demands.
